### Feedback

How did this event make you feel?

welcome & curious to explore the concept of archiving as well as GWL's archive.

What would you like to be different?

while the performance aspect of this event was interesting, it would be nice to also scale down the workshop, perhaps around a table. more information. Could we make this event more accessible or easier for you to enjoy?

-

Is there anything else you want to say about this experience?

Qn A pannel was very interesting!

## Feedback

How did this event make you feel?

All sorts of ways really — moved, provoked, inspired, thoughtful, curious. And it was so nice to spend time

What would you like to be different?

considering archives as a living form.

I really enjoyed today — it was a great mix of academic research and embodied/felt practice + image.

Could we make this event more accessible or easier for you to enjoy?

Perhaps more work/happenings in the style of live performance — ways to viscerally encounter the archive.

Is there anything else you want to say about this experience?

The space is also so great!

there was lots of this, but would be great to see it expanded!

thank you!

## Feedback

How did this event make you feel?

Intrigued.

What would you like to be different?

3rd event took too long to set out  
archive

Could we make this event more accessible or easier for you to enjoy?

Not Really.

Is there anything else you want to say about this experience?

It was just the right length.
